OTHER RELEASES

The Yellow Hedegrow Dreamscape double LP is now virtually sold out, although The Freak Emporium still have copies at £25 including postage in the UK (£27 EUROPE and £30.50 elsewhere - please note it's HEAVY !) Collectors may be interested to know that there were 150 copies pressed on black vinyl in addition to the 1000 yellow vinyl versions.

"Voyage 34 - The Complete Trip" CD is now available from The Freak Emporium and the "Bass Communion v Muslimgauze" CD EP should be in stock soon.

Colin Edwin has cut loose from Porcupine Tree's musical arena with a CD release by his band The Ex-Wise-Heads. A three piece combo - featuring Colin, Jeff Leigh (ex Henry Cow) and Vincent Salzfaas - the Heads play an acoustic, exotic, Middle Eastern music with jazzy experimental leanings. Colin gives his trusty Giumbri a good twanging and Jeff performs amazing feats with flutes and assorted wind instruments. Fans of Gong and Didier Malherbe will particularly love this album but if you are just looking for something different, check it out pronto. No doubt Colin and his band will be gigging in the Green Field at Glastonbury in the near future.
